PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD AUGUST 2, 2017

SOLICITATION OF PROXIES

Purpose, Place, Date and Time

This proxy statement is furnished in connection with the solicitation by the Board of Directors (our “Board”) of Mitcham Industries, Inc., a Texas corporation, of proxies from the holders of record of our common stock, par value \$0.01 per share, and our 9.00% Series A Cumulative Preferred Stock (the “Series A Preferred Stock”) at the close of business on June 7, 2017, for use in voting at the Annual Meeting of Shareholders (the “Annual Meeting”) to be held at our principal executive offices, which are located at 8141 SH 75 South, Huntsville, Texas 77340 at 9:00 a.m., local time, on Wednesday, August 2, 2017, and any adjournment or postponement thereof. You can find directions to the Annual Meeting by visiting our website at <http://www.mitchamindustries.com> and clicking on the “Investor Relations” link.

The Notice of Annual Meeting, this proxy statement, the enclosed proxy card and our Annual Report for the fiscal year ended January 31, 2017 (“2017 Annual Report”) are being mailed together on or about June 21, 2017 to each of our shareholders entitled to notice of and to vote at the Annual Meeting.

Properly executed proxies will be voted as directed. If no direction is indicated therein, proxies received in response to this solicitation will be voted FOR: (1) the election of each of the six individuals nominated by our Board and named in this proxy statement for election as directors; (2) approval of an amendment to our Articles of Incorporation to increase the number of authorized shares of preferred stock, par value \$1.00, from 1,000,000 to 2,000,000; (3) the advisory vote to approve Named Executive Officer compensation; (4) the ratification of the selection of Hein & Associates LLP as our independent registered public accounting firm by our Audit Committee for the fiscal year ending January 31, 2018; and (5) as recommended by our Board with regard to any other matters that properly come before the Annual Meeting, or if no recommendation is given, at the discretion of the appointed proxies.

Expenses of Solicitation

We will bear the entire cost of soliciting proxies, including the cost of the preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to our shareholders in connection with the Annual Meeting. In addition to this solicitation by mail, our directors, officers and other employees may solicit proxies by use of mail, telephone, facsimile, electronic means, in person or otherwise. These persons will not receive any additional compensation for assisting in the solicitation but may be reimbursed for reasonable out-of-pocket expenses in connection with the solicitation. We have retained Broadridge Investor Communication Solutions, Inc. to aid in the distribution of proxy materials and to provide voting and tabulation services for the Annual Meeting. For these services, we will pay Broadridge a fee of approximately \$15,000 and reimburse it for certain expenses. In addition, we will reimburse brokerage firms, nominees, fiduciaries, custodians and other agents for their expenses in distributing proxy material to the beneficial owners of our common stock.

Shareholders Sharing the Same Last Name and Address

We are sending only one copy of our proxy statement and 2017 Annual Report to shareholders who share the same last name and address, unless they have notified us that they want to continue receiving multiple copies. This practice, known as “householding,” is designed to reduce duplicate mailings and save significant printing and postage costs.

[Table of Contents](#)

If you receive a householded mailing this year and you would like to have additional copies of our proxy statement and 2017 Annual Report mailed to you or you would like to opt out of this practice for future mailings, please submit your request to our Corporate Secretary in writing at Mitcham Industries, Inc., P.O. Box 1175, Huntsville, Texas 77342-1175, or call us at 936-291-2277. We will deliver promptly upon written or oral request separate copies of any of our proxy materials. You may also contact us in the same manner if you received multiple copies of the Annual Meeting materials and would prefer to receive a single copy in the future.

VOTING OF SECURITIES

Record Date; Shareholders Entitled to Vote

Our Board has fixed the close of business on June 7, 2017 as the record date for determining the holders of shares of common stock and Series A Preferred Stock entitled to notice of and to vote at the Annual Meeting. As of the close of business on June 7, 2017, there were 12,089,758 issued and outstanding shares of common stock, each of which is entitled to one vote on each item of business to be conducted at the Annual Meeting, and 347,523 issued and outstanding shares of Series A Preferred Stock, each of which is entitled to one vote on Proposal 2 only (Approval of amendment to our Articles of Incorporation to increase the number of authorized shares of preferred stock, par value \$1.00, from 1,000,000 to 2,000,000).

For a period of at least 10 days prior to the Annual Meeting, a list of the shareholders entitled to vote at the Annual Meeting will be available for inspection during normal business hours at our principal executive offices, which are located at 8141 SH 75 South, Huntsville, Texas 77340.

Quorum; Discretionary Authority

Our Third Amended and Restated Bylaws provide that a majority of the aggregate outstanding shares entitled to vote, represented either in person or by proxy, will constitute a quorum for the transaction of business. Consequently, holders of at least 6,044,880 shares of our common stock and 173,762 shares of our Series A Preferred Stock must be present either in person or by proxy to establish a quorum for the Annual Meeting. If less than a quorum is represented at the Annual Meeting, a majority of the shares so represented may adjourn the Annual Meeting from time to time without further notice, and the persons named as proxies will vote the proxies they have been authorized at the Annual Meeting in favor of such an adjournment.

In the event a quorum is present at the Annual Meeting but sufficient votes to approve any of the items proposed by our Board have not been received, the persons named as proxies may propose one or more adjournments of the Annual Meeting to permit further solicitation of proxies. A shareholder vote may be taken on one or more of the proposals in this proxy statement prior to such adjournment if sufficient proxies have been received and it is otherwise appropriate. Any adjournment will require the affirmative vote of the holders of a majority of those shares represented at the Annual Meeting in person or by proxy. If a quorum is present, the persons named as proxies will vote the proxies they have been authorized to vote on any other business properly before the Annual Meeting in favor of such an adjournment.

Our Board does not know of any other matters that are to be presented for action at the Annual Meeting. However, if other matters properly come before the Annual Meeting, it is intended that the enclosed proxy will be voted in accordance with the judgment of the persons voting the proxy.

Abstentions and Broker Non-Votes; Vote Required

Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions occur when shareholders are present at the Annual Meeting but choose to withhold their vote for any of the matters upon which the shareholders are voting.

If you are a beneficial owner whose shares are held of record by a broker, you will receive instructions from your broker or other nominee describing how to vote your shares. If you do not instruct your broker or nominee how to vote your shares, they may vote your shares as they decide as to each matter for which they have discretionary authority. A "broker non-vote" occurs when a broker or other nominee does not have discretion to vote on a particular matter, you have not given timely instructions on how the broker or other nominee should

[Table of Contents](#)

vote your shares and the broker or other nominee indicates it does not have authority to vote such shares on its proxy. Although broker non-votes will be counted as present at the meeting for purposes of determining a quorum, they will be treated as not entitled to vote with respect to non-discretionary matters.

At the Annual Meeting, brokers will not have discretionary authority to vote in the absence of timely instructions from the beneficial owners on any of the proposals to be voted on at the Annual Meeting, other than Proposal 4 (Ratification of Selection of Independent Registered Public Accounting Firm).

- *Proposal 1 (Election of Directors):* To be elected, each nominee for election as a director must receive the affirmative vote of a plurality of the votes cast at the Annual Meeting by holders of shares of common stock entitled to vote on the proposal. This means that director nominees with the most votes are elected. Votes may be cast in favor of or withheld from the election of each nominee. Votes that are withheld from a director's election will be counted toward a quorum but will not affect the outcome of the vote on the election of a director. Broker non-votes will have no effect on the outcome of the vote on the election of a director. Series A Preferred Stock has no voting power with respect to the election of directors.
- *Proposal 2 (Approval of amendment to our Articles of Incorporation to increase the number of authorized shares of preferred stock, par value \$1.00, from 1,000,000 to 2,000,000):* Approval of the proposed amendment to increase the authorized shares of preferred stock, par value \$1.00, from 1,000,000 to 2,000,000 requires the affirmative vote of at least (1) two-thirds of the votes entitled to be cast by the holders of our common stock and (2) two-thirds of the votes entitled to be cast by the holders of Series A Preferred Stock. Abstentions and broker non-votes will have the effect of a vote against the proposal.
- *Proposal 3 (Advisory Vote to Approve Named Executive Officer Compensation):* Approval of this proposal requires the affirmative vote of the holders of a majority of shares entitled to vote on, and voted for or against, or expressly abstained with respect to, this proposal at the Annual Meeting; provided that, for purposes of this sentence, abstentions and broker non-votes will not be counted as votes cast, and, accordingly, will not affect the outcome of the vote on this proposal. While this vote is required by law, it will neither be binding on our company or our Board, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, our company or our Board. However, the views of our shareholders are important to us, and our Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. Series A Preferred Stock has no voting power with respect to the advisory vote to approve Named Executive Officer compensation.
- *Proposal 4 (Ratification of Selection of Independent Registered Public Accounting Firm):* Ratification of the selection of Hein & Associates LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2018 requires the affirmative vote of the holders of a majority of shares entitled to vote on, and voted for or against, or expressly abstained with respect to, this proposal at the Annual Meeting; provided that, for purposes of this sentence, abstentions and broker non-votes will not be counted as votes cast, and, accordingly, will not affect the outcome of the vote on this proposal. Series A Preferred Stock has no voting power with respect to the ratification of our independent registered public accounting firm.

Revocation of Proxies

If you are a registered shareholder (meaning your shares are registered directly in your name with our transfer agent) you may revoke your proxy at any time prior to the vote tabulation at the Annual Meeting by: (1) sending in an executed proxy card with a later date, (2) timely submitting a proxy with new voting instructions by telephone or over the Internet, (3) sending a written notice of revocation by mail to P.O. Box 1175, Huntsville, Texas 77342-1175 marked "Proxy Information Enclosed, Attention: Corporate Secretary" or (4) attending and voting in person by completing a ballot at the Annual Meeting. Attendance at the Annual Meeting will not, in itself, constitute revocation of a completed and delivered proxy card.

If you are a street name shareholder (meaning that your shares are held in a brokerage account by a bank, broker or other nominee) and you vote by proxy, you may change your vote by submitting new voting instructions to your bank, broker or other nominee in accordance with that entity's procedures.

CORPORATE GOVERNANCE

The following sections summarize information about our corporate governance policies, our Board and its committees and the director nomination process.

Our Governance Practices

General

We are committed to sound corporate governance principles. To evidence this commitment, our Board has adopted charters for its committees and a Code of Ethics. These documents provide the framework for our corporate governance. A complete copy of the current version of each of these documents is available on our website at <http://www.mitchamindustries.com> or in print, free of charge, to any shareholder who requests it by contacting us by mail at Mitcham Industries, Inc., P.O. Box 1175, Huntsville, Texas 77342-1175, Attention: Corporate Secretary, or by telephone (936) 291-2277. Our Board regularly reviews corporate governance developments and modifies our governance documents as appropriate.

Code of Ethics

Our Board has adopted a Code of Ethics that applies to all of our employees, including our Chief Executive Officers, Chief Financial Officer and our Corporate Controller, to ensure that our business is conducted in a legal and ethical manner.

All of our directors, officers and employees are required to certify their compliance with the Code of Ethics. The Code of Ethics requires that any exception to or waiver for an executive officer or director be made only by our Board and disclosed as required by law and the listing standards of The NASDAQ Stock Market LLC (the "NASDAQ Listing Standards"). To date, we have neither received any requests for, nor granted, waivers of the Code of Ethics for any of our executive officers or directors.

Among other things, the Code of Ethics addresses:

- conflicts of interest;
- insider trading;
- record keeping and questionable accounting or auditing matters;
- corporate opportunities;
- confidentiality;
- competition and fair dealing;
- compliance with laws and regulations, including the Foreign Corrupt Practices Act of 1977 and similar laws in other countries in which we operate;
- protection and proper use of our company assets; and
- reporting of any illegal or unethical behavior.

It is our policy that there shall be no acts of retaliation, intimidation, threat, coercion or discrimination against any individual for truthfully reporting, furnishing information or assisting or participating in any manner in an investigation, compliance review or other activity related to the administration of the Code of Ethics.

Our Board

Determination of Director Independence

As required under the NASDAQ Listing Standards, a majority of the members of our Board must qualify as independent, as affirmatively determined by our Board. Our Board evaluated all relevant transactions and relationships between each director, or any of his or her family members, and our company, senior management

[Table of Contents](#)

and independent registered public accounting firm. Based on this evaluation, our Board has determined that Thomas S. Glanville, Marcus Rowland, R. Dean Lewis, Robert J. Albers and Peter H. Blum are each an independent director, as that term is defined in the NASDAQ Listing Standards. Messrs. Glanville, Rowland, Lewis, Albers and Blum constitute a majority of the members of our Board.

Robert P. Capps is not independent because he currently serves as our Co-Chief Executive Officer, Executive Vice President of Finance and Chief Financial Officer.

Attendance at Board and Committee Meetings

During the fiscal year ended January 31, 2017 (referred to as “fiscal 2017”), our Board held five meetings. Each individual serving as a director during such period attended all meetings of our Board and the Board committees on which he served during the fiscal year.

Attendance at Annual Meetings

Our policy is to encourage our directors to attend the annual meetings of our shareholders. All nominees who were serving as directors in July 2016, with the exception of Marcus Rowland, attended the annual meeting of our shareholders in July 2016.

Leadership Structure and Role in Risk Oversight

Our Board separated the positions of Chairman of our Board and Chief Executive Officer in 2004. Separating these positions allows our Chief Executive Officers to focus on our day-to-day business, while allowing the Chairman to lead our Board in its fundamental role of providing advice to, and independent oversight, of management. Our Board recognizes the time, effort, and energy that the Chief Executive Officer is required to devote to this position in the current business environment, as well as the commitment required to serve as our Chairman, particularly as our Board’s oversight responsibilities continue to grow. While our Bylaws do not require that our Chairman and Chief Executive Officer positions be separate, our Board believes that having separate positions and having an independent outside director serve as Chairman is the appropriate leadership structure for our company at this time and demonstrates our commitment to good corporate governance.

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. We face a number of risks, including economic, environmental and regulatory risks, and others, such as the impact of competition, technological changes and weather conditions. Management is responsible for the day-to-day management of risks our company faces, while our Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

Our Board believes that establishing the right “tone at the top” and that full and open communication between management and our Board are essential for effective risk management and oversight. Our Chairman has regular discussions with Chief Executive Officers and other senior officers to discuss strategy and risks facing our company. Senior management attends the quarterly Board meetings and is available to address any questions or concerns raised by our Board on risk management-related and any other matters. Each quarter, our Board receives presentations from senior management on strategic matters involving our operations.

While our Board is ultimately responsible for risk oversight at our company, each of our Board committees assists our Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists our Board in fulfilling its oversight responsibilities with respect to risk management in the areas of financial reporting, internal controls and compliance with legal and regulatory requirements, and, in accordance with the NASDAQ Listing Standards, discusses policies with respect to risk assessment and risk management. The Compensation Committee assists our Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our compensation policies and programs. The Nominating Committee assists our Board in fulfilling its oversight responsibilities with respect to the management of risks associated with Board organization, membership and structure, succession planning for our directors and executive officers and

[Table of Contents](#)

corporate governance. The Strategic Planning Committee assists our Board in fulfilling its oversight responsibilities with respect to the management of risks arising from our long-term strategy development and implementation.

Shareholder Communications with Our Board

Our Board welcomes communications from our shareholders. Shareholders may send communications to our Board, or any director in particular, by contacting us by mail at Mitcham Industries, Inc., P.O. Box 1175, Huntsville, Texas 77342-1175, Attention: Corporate Secretary or via e-mail through our website at <http://www.mitchamindustries.com>. Each communication must (1) identify the sender, (2) identify the applicable director(s) and (3) contain the information necessary to enable the director(s) to contact the sender. Our Corporate Secretary will relay this information to the applicable director(s) and request that the sender be contacted as soon as possible.

Committees of Our Board

As of the date of this proxy statement, our Board has standing Audit, Compensation, Strategic Planning and Nominating Committees. Our Board, in its business judgment, has determined that each committee, other than the Strategic Planning Committee, is comprised entirely of independent directors as currently required under the NASDAQ Listing Standards and applicable rules and requirements of the Securities and Exchange Commission, including the rules and requirements specifically applicable to the members of each committee. Each committee is governed by a written charter approved by the full Board.

Audit Committee

The Audit Committee has been established to assist our Board in:

- overseeing the quality and integrity of our financial statements and other financial information we provide to any governmental body or the public;
- overseeing our compliance with legal and regulatory requirements;
- overseeing the independent registered public accounting firm's qualifications, independence and performance;
- overseeing our systems of internal controls regarding finance, accounting and legal compliance that our management and our Board have established;
- facilitating an open avenue of communication among the registered independent accountants, financial and senior management, and our Board, with the registered independent accountants being accountable to the Audit Committee; and
- performing such other duties as directed by our Board.

In connection with these purposes, the Audit Committee annually selects, engages and evaluates the performance and ongoing qualifications of, and determines the compensation for, our independent registered public accounting firm, reviews our annual and quarterly financial statements and confirms the independence of our independent registered public accounting firm. The Audit Committee also meets with our management and external registered public accounting firm regarding the adequacy of our financial controls and our compliance with legal, tax and regulatory matters and significant internal policies. While the Audit Committee has the responsibilities and powers set forth in its charter, it is not the duty of the Audit Committee to plan or conduct audits, to determine that our financial statements are complete and accurate or to determine that such statements are in accordance with accounting principles generally accepted in the United States ("U.S. GAAP") and other applicable rules and regulations. Our management is responsible for the preparation of our financial statements in accordance U.S. GAAP and our internal controls. Our independent registered public accounting firm is responsible for the audit work on our financial statements. It is also not the duty of the Audit Committee to conduct investigations or to assure compliance with laws and regulations and our policies and procedures. Our management is responsible for compliance with laws and regulations and compliance with our policies and procedures.

[Table of Contents](#)

During fiscal 2017, the Audit Committee held six meetings. The Audit Committee currently consists of Messrs. Glanville (Chairman), Lewis, Albers and Rowland. Our Board has determined that all members of the Audit Committee are independent as that term is defined in the NASDAQ Listing Standards and Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Our Board also has determined that each member of the Audit Committee is financially literate and that Mr. Glanville has the necessary accounting and financial expertise to serve as chairman. Further, our Board has determined that each of Messrs. Glanville, Lewis, Albers and Rowland is an “audit committee financial expert” following a determination that each of them met the criteria for such designation under the Securities and Exchange Commission’s rules and regulations. For information regarding the business experience of each of the members of the Audit Committee, see “Proposal 1—Election of Directors—Information About Director Nominees. The report of the Audit Committee appears under the heading “Audit Committee Report” below.

Compensation Committee

Pursuant to its charter, the purposes of our Compensation Committee are to:

- review, evaluate and approve the agreements, plans, policies and programs to compensate our officers and directors;
- review and discuss with our management the Compensation Discussion and Analysis to be included in the proxy statement for our annual meeting of shareholders and to determine whether to recommend to our Board that the Compensation Discussion and Analysis be included in the proxy statement, in accordance with applicable rules and regulations;
- produce the Compensation Committee Report for inclusion in the proxy statement, in accordance with applicable rules and regulations;
- otherwise discharge our Board’s responsibilities relating to compensation of our officers and directors; and
- perform such other functions as our Board may assign to the committee from time to time.

In connection with these purposes, our Board has entrusted the Compensation Committee with the overall responsibility for establishing, implementing and monitoring the compensation for our executive officers. In general, executive compensation matters are presented to the Compensation Committee or raised with the Compensation Committee in one of the following ways: (1) at the request of the Compensation Committee Chairman or another Compensation Committee member or member of our Board, (2) in accordance with the Compensation Committee’s agenda, which is reviewed by the Compensation Committee members and other directors on an annual basis, (3) by our Chief Executive Officers or (4) by the Compensation Committee’s outside compensation consultant, if a consultant has been engaged by the Compensation Committee.

The Compensation Committee works with the management team to implement and promote our executive compensation strategy. The most significant aspects of management’s involvement in this process are:

- preparing materials in advance of Compensation Committee meetings for review by the Compensation Committee members;
- evaluating employee performance;
- establishing our business goals; and
- recommending the compensation arrangements and components for our employees.

Our Chief Executive Officers are instrumental to this process. Specifically, our Chief Executive Officers assist the Compensation Committee by:

- providing background information regarding our business goals;
- annually reviewing performance of each of our executive officers (other than themselves); and
- recommending compensation arrangements and components for our executive officers (other than themselves).

[Table of Contents](#)

Our other executive officers do not play a role in their own compensation determination, other than discussing individual performance objectives with our Chief Executive Officers.

Pursuant to its charter, the Compensation Committee has the sole authority to retain and terminate any compensation consultant to be used to assist in the evaluation of the compensation of our executive officers and directors and also has the sole authority to approve the consultant's fees and other retention terms. In the past, the Compensation Committee has engaged Longnecker & Associates (the "Consultant") to assist in evaluating and designing the compensation program for our executive officers and directors. The Consultant has been engaged directly by the Compensation Committee and does not provide any other services to us outside of matters pertaining to executive officer and director compensation. The Consultant has reported directly to the Compensation Committee, which is solely responsible for determining the scope of services performed by the Consultant and the directions given to the Consultant regarding the performance of such services.

Together with management and any counsel or other advisors deemed appropriate by the Compensation Committee, the Compensation Committee typically reviews and discusses the particular executive compensation matter presented and makes a final determination.

To the extent permitted by applicable law, the Compensation Committee may form and delegate some or all of its authority under its charter to subcommittees when it deems such action appropriate.

During fiscal 2017, the Compensation Committee held two meetings. The Compensation Committee currently consists of Messrs. Lewis, Rowland and Blum (Chairman). The report of the Compensation Committee appears under the heading "Compensation Committee Report" below.

Strategic Planning Committee

The purpose of the Strategic Planning Committee, as stated in its charter, is to assist our Board and the Chief Executive Officers in their oversight of our long-term strategy development and implementation. In fulfilling this role, from time to time, the Strategic Planning Committee reviews with management the key issues, options and external developments impacting the our strategy. In addition, the committee monitors enterprise risks that may affect us and assists management in addressing such risks in our strategic plan.

During fiscal 2017, the Strategic Planning Committee met three times. The Strategic Planning Committee currently consists of Messrs. Capps and Albers (Chairman) with Mr. Malden participating.

Nominating Committee

The purposes of the Nominating Committee, as stated in its charter, include the following:

- identifying individuals qualified to become Board members;
- recommending to our Board the persons to be nominated by our Board for election as directors at the annual meeting of shareholders; and
- performing such other functions as our Board may assign to the committee from time to time.

During fiscal 2017, the Nominating Committee did not meet. The Nominating Committee currently consists of Messrs. Lewis and Blum (Chairman).

Director Nomination Process

The Nominating Committee is responsible for establishing criteria for selecting new directors, actively seeking individuals to become directors and recommending such individuals to our Board. In seeking candidates for our Board, the Nominating Committee will consider the entirety of each candidate's credentials. Currently, the Nominating Committee does not require director candidates to possess a specific set of minimum qualifications, as different factors may assume greater or lesser significance at particular times, and the needs of our Board may vary in light of its composition and the Nominating Committee's perceptions about future issues and needs. However, while the Nominating Committee does not maintain a formal list of qualifications, in making its evaluation and recommendation of candidates, the Nominating Committee may consider, among other factors, diversity, age, skill, experience in the context of the needs of our Board, independence qualifications and

whether prospective nominees have relevant business and financial experience, have industry or other specialized expertise and have high moral character. As set forth above, the Nominating Committee may consider diversity as one of a number of factors in identifying nominees for director. It does not, however, have a formal policy in this regard. The Nominating Committee views diversity broadly to include diversity of experience, skills and viewpoint as well as traditional diversity concepts such as race or gender.

The Nominating Committee may consider candidates for our Board from any reasonable source, including from a search firm engaged by the Nominating Committee or shareholder recommendations, provided that the procedures set forth below are followed. The Nominating Committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate is recommended by a shareholder or not. However, in evaluating a candidate's relevant business experience, the Nominating Committee may consider previous experience as a member of our Board.

Shareholders or a group of shareholders may recommend potential candidates for consideration by the Nominating Committee by sending a written request to our Corporate Secretary at Mitcham Industries, Inc., P.O. Box 1175, Huntsville, Texas 77342-1175. For additional information regarding the submission of shareholder recommendations, see "Shareholder Proposals and Director Nominations."

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee is now, or at any time has been, employed by or served as an officer of Mitcham Industries, Inc. or any of its subsidiaries or had any substantial business dealings with Mitcham Industries, Inc. or any of its subsidiaries. None of our executive officers are now, or at any time has been, a member of the compensation committee or board of directors of another entity, one of whose executive officers has been a member of the Compensation Committee or our Board.

TRANSACTIONS WITH RELATED PERSONS

Policies and Procedures

Historically, our Board has reviewed and approved, as appropriate, related person transactions as they have been presented to our Board at the recommendation of management. Recognizing that related person transactions involving our company present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof), our Board has adopted a formal written process for reviewing, approving and ratifying transactions with related persons, which is described below.

General

Under the policy, any "Related Person Transaction" may be consummated or may continue only if:

- the Audit Committee approves or ratifies the transaction in accordance with the guidelines set forth in the policy and if the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party;
- the transaction is approved by the disinterested members of our Board; or
- the transaction involves compensation approved by the Compensation Committee.

For these purposes, a "Related Person" is:

- a senior officer (which includes, at a minimum, each executive vice president and Section 16 officer) or director;
- a shareholder owning more than 5% of our company (or its controlled affiliates);
- a person who is an immediate family member of a senior officer or director; or
- an entity which is owned or controlled by someone listed above, or an entity in which someone listed above has a substantial ownership interest or control of that entity.

[Table of Contents](#)

For these purposes, a “Related Person Transaction” is a transaction between our company and any Related Person (including any transactions requiring disclosure under Item 404 of Regulation S-K under the Exchange Act), other than:

- transactions available to all employees generally; and
- transactions involving less than \$5,000 when aggregated with all similar transactions.

Audit Committee Approval

Our Board has determined that the Audit Committee is best suited to review and approve Related Person Transactions. Accordingly, at each calendar year’s first regularly scheduled Audit Committee meeting, management recommends Related Person Transactions to be entered into for that calendar year, including the proposed aggregate value of the transactions (if applicable). After review, the Audit Committee approves or disapproves the transactions and at each subsequently scheduled meeting, management updates the Audit Committee as to any material change applicable to those proposed transactions.

In the event management recommends any further Related Person Transactions subsequent to the first calendar year meeting, the transactions may be presented to the Audit Committee for approval or preliminarily entered into by management subject to ratification by the Audit Committee; provided that if ratification is not forthcoming, management makes all reasonable efforts to cancel or annul the transaction.

Corporate Opportunity

Our Board recognizes that situations exist where a significant opportunity may be presented to management or a member of our Board that may equally be available to our company, either directly or by referral. Before the opportunity may be consummated by a Related Person (other than an otherwise unaffiliated 5% shareholder), the opportunity must be presented to our Board for consideration.

Disclosure

All Related Person Transactions are to be disclosed in our applicable filings as required by the Securities and Exchange Commission’s rules and regulations. Furthermore, all Related Person Transactions are to be disclosed to the Audit Committee, and any material Related Person Transaction are to be disclosed to our Board.

Other Agreements

Management assures that all Related Person Transactions are approved in accordance with any requirements of our financing agreements.

Since the beginning of fiscal 2017, we have not participated in (or proposed to participate in) any transactions with Related Persons except as described below. Each of these Related Person Transactions was approved under our policy for reviewing Related Person Transactions.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Our Executive Compensation Program

Our business strategy is to provide equipment to the geophysical, oceanographic and hydrographic industries. To achieve this objective, we leverage one of our key strengths—the expertise of our executive officers.

Our executive compensation program is structured principally with the goal of attracting, motivating and retaining top executive talent with the requisite skills and experience to execute our business strategy. In addition, we believe our executive officers should be rewarded for performance that results in increased shareholder value. We do not, however, utilize specific performance metrics in determining compensation. The Compensation Committee of our Board (for purposes of this Compensation Discussion and Analysis, the “Committee”) evaluates individual performance and considers overall company performance when determining selected elements of our executive compensation program. These elements have historically consisted primarily of base salaries, annual cash incentive payments and long-term equity-based incentives. The Committee combines the compensation elements for each executive officer in a manner that is intended to optimize the officer’s contribution to our company.

Named Executive Officers

Throughout this proxy statement, the individuals who served as our Chief Executive Officer and Chief Financial Officer during fiscal 2017, as well as the other individuals included in the Summary Compensation Table, are referred to as “Named Executive Officers.” For fiscal 2017, our Named Executive Officers were:

<u>Name</u>	<u>Position</u>
Robert P. Capps	Co-Chief Executive Officer and Executive Vice President of Finance and Chief Financial Officer
Guy Malden	Co-Chief Executive Officer and Executive Vice President of Marine Systems
Paul Guy Rogers	Former Vice President of Business Development*

* Mr. Rogers resigned from his position of Vice President of Business Development on July 20, 2016, but he remained employed through January 31, 2017.

Results of Prior Year Advisory Vote on Executive Compensation and Fiscal 2017 Compensation Decisions

In determining the appropriateness of our executive compensation program, the Committee considers, among other things, the results of the prior year’s advisory vote on executive compensation (“say-on-pay”). At our fiscal 2016 Annual Meeting of Shareholders, the proposal to approve the compensation of our Named Executive Officers received the support of approximately 72% of our shareholders voting in favor of our Named Executive Officer compensation. The level of support is calculated based on votes in favor of the proposal divided by the sum of votes against the proposal plus votes in favor of the proposal.

While the results of our fiscal 2016 say-on-pay vote reflected a decrease in support as compared to the vote results for our fiscal 2015 Annual Meeting of Shareholders, at which the proposal to approve the compensation of our Named Executive Officers received approximately a 93% level of support, we believe the drop in support was in response to the amendment of our former CEO’s employment agreement, as there were no other changes in our executive compensation program in fiscal 2016 that would have been viewed negatively by our shareholders. In fact, in light of the continued significant decline in oil prices that has negatively affected the energy industry and our business, the Committee took the following actions in fiscal 2016 with respect to the compensation of our Named Executive Officers:

- Reduced the base salaries of our Named Executive Officers effective June 1, 2015.
- Established minimum performance criteria for any cash bonuses related to fiscal 2016, which was not attained and resulted in no cash bonuses being paid for fiscal 2016 (the Committee also did not pay annual cash bonuses for fiscal 2015 performance).

[Table of Contents](#)

- Did not grant “full value” stock awards to Named Executive Officers for fiscal 2016.
- Equity awards in fiscal 2016 included options with an exercise price in excess of the then current price of our common stock (“premium-priced options”).

Furthermore, in response to the aforementioned unsatisfactory say-on-pay vote at our fiscal 2016 Annual Meeting of Shareholders, the Committee took the following actions with respect to the compensation of our Named Executive Officers in fiscal 2017:

- Maintained the reduced base salaries of our Named Executive Officers that took effect June 1, 2015, with no base salary increases approved or implemented in fiscal 2017, despite the increased responsibilities of Messrs. Capps and Malden.
- Established minimum performance criteria for any cash bonuses related to fiscal 2017, which were not attained and resulted in no cash bonuses being paid for fiscal 2017.
- Did not grant equity awards to Named Executive Officers in fiscal 2017.

Objectives of Our Executive Compensation Program

Our executive compensation program is designed to (1) develop and retain key executive officers responsible for our success and (2) motivate management to enhance long-term shareholder value. To achieve these goals, the Committee’s executive compensation decisions are based on the following principal objectives:

- Providing a competitive compensation package that attracts, motivates and retains qualified and highly-skilled officers that are key to our long-term success;
- Rewarding individual performance by ensuring a meaningful link between our operational performance and the total compensation received by our officers;
- Avoiding policies and practices that create risks that might have a material adverse effect on us; and
- Avoiding creation of an environment that might cause undue pressure to meet specific financial goals.

Implementing Our Objectives

Role of the Committee and Management

Our Board has entrusted the Committee with overall responsibility for establishing, implementing and monitoring our executive compensation program. Our Chief Executive Officers also play an important role in the executive compensation process by overseeing the performance and dynamics of the management team and generally keeping the Committee informed. However, all final decisions regarding our Named Executive Officers’ compensation remain with the Committee, and, in particular, company management has no involvement with the compensation decisions with respect to our Chief Executive Officers. Additional information regarding the role and authority of the Committee and management in the process for determining executive compensation is provided in this proxy statement in “Corporate Governance—Committees of Our Board—Compensation Committee.”

Determining Compensation

The Committee, which relies upon the judgment of its members in making compensation decisions, has established a number of processes to assist it in ensuring that our executive compensation program supports our objectives and company culture. Among those are total compensation review, competitive benchmarking and assessment of individual and company performance, which are described in more detail below.

Total Compensation Review and Competitive Benchmarking. At least annually, the Committee reviews each executive officer’s base salary, annual cash incentives and long-term equity-based incentives. In addition to these primary compensation elements, the Committee periodically reviews perquisites and other compensation as well as payments that would be required under any employment agreement and our equity-based compensation plans.

[Table of Contents](#)

In the past, the Committee retained Longnecker and Associates (the “Consultant”) to assist in the review of our executive compensation program and practices, including providing an analysis of levels of executive officer and director compensation as compared to general market compensation data and peer group data. The Committee determined that due to the cost involved in updating this analysis and the decision to make no changes to executive officer compensation, obtaining an updated analysis was not warranted.

In determining the compensation of our Named Executive Officers for fiscal 2017, the Committee concluded that the general composition of our executive compensation program (which includes a combination of base salaries and annual cash incentive payments) was appropriate. Unlike prior years, the Committee chose not to grant equity awards to our Named Executive Officers for fiscal 2017.

Assessment of Individual and Company Performance. We believe that a balance of individual and company performance criteria should be used in establishing total compensation. In determining the level of compensation for each Named Executive Officer, the Committee subjectively considers our overall financial and operational performance and the relative contribution and performance of each of the Named Executive Officers.

Relationship of Compensation Practices to Risk Management

The Committee has reviewed and discussed the structure of our compensation program in order to assess whether any aspect of the program could potentially be expected to provide an incentive to our executive officers or other employees to take any unnecessary or inappropriate risks that could threaten our operating results, financial condition or impact long-term shareholder value. Based on our internal controls, policies and risk-mitigating components in our incentive arrangements currently in place as well as the Committee’s formal review and discussion process, the Committee believes our compensation programs represent an appropriate balance of short-term and long-term compensation and do not encourage our executive officers or other employees to take on unnecessary or excessive risks that are reasonably likely to have a material adverse effect on our company. We allocate compensation, to the extent amounts in excess of base salary are earned or paid, between fixed components, annual cash incentives and long-term equity incentives based, in part, on an employee’s position and level of responsibility within our organization. Our equity awards, if any, have historically been a mix of options and restricted stock, although no equity awards were granted to our Named Executive Officers during fiscal 2017. We believe our mix of compensation elements helps to ensure that our Named Executive Officers do not focus on achieving short-term results at the expense of the long-term growth and sustainability of our company. None of our Named Executive Officers receives compensation derived from commissions. No portion of compensation for these individuals is tied to the attainment of specific financial performance targets, other than a minimum established EBITDA level applicable to fiscal 2016 and 2017 cash bonuses. We believe that these practices further reduce the likelihood that these executives, or any of our employees, would take any unnecessary or inappropriate risks. Base salary is the only guaranteed portion of compensation that we provide to our executives and other employees, which does not depend on individual or company performance results. However, a substantial portion of our incentive compensation arrangements are intended to reward performance.

Elements of Our Executive Compensation Program

The Committee has historically evaluated both performance and compensation to ensure that we maintain our ability to retain superior employees in key positions and that compensation provided to our key employees remains competitive relative to the compensation paid to similarly situated executive officers of our peers. In furtherance of these goals historically, our executive officers have been compensated through short-term and long-term incentive compensation plans, consisting of cash and non-cash compensation. Our short-term compensation components consist of an annual base salary and annual cash incentive payments. The Mitcham Industries, Inc. Stock Awards Plan, as amended from time to time (the “Stock Awards Plan” or the “Plan”), provides our long-term incentive compensation component; however, no equity award were granted in the fiscal 2017. Our Named Executive Officers are eligible to participate in our health and welfare and retirement plans on the same basis as our other employees in the U.S. In addition, they are eligible to receive perquisites and other personal benefits as described under “Other Benefits” below.

Base Salaries

We provide our executive officers and other employees with an annual base salary to compensate them for services rendered to us during the year.

In addition to providing a base salary that the Committee subjectively considers to be competitive with the market, based in part on the analysis prepared by the Consultant, we determine base salaries based on the duties and responsibilities of each officer, retention concerns, and a desire to align the salary level of each of our Named Executive Officers to promote internal pay equity relative to our other officers. To that end, annual salary adjustments are based on the Committee's subjective analysis of many individual factors, including:

- the responsibilities of the officer;
- the period over which the officer has performed these responsibilities;
- the scope, level of expertise and experience required for the officer's position;
- the strategic impact of the officer's position;
- the potential future contribution and demonstrated individual performance of the officer; and
- the general economic environment in which we are currently operating.

In addition to individual factors listed above, the Committee considers our overall business performance, such as our net earnings, earnings before interest, taxes, depreciation and amortization (or EBITDA), leasing growth, sales growth and implementation of directives. While these metrics generally provide context for making base salary decisions, base salary decisions do not depend on the attainment of specific goals or performance levels, no specific weighting is given to any one factor over another and specific performance criteria or targets are not communicated to our Named Executive Officers. Base salaries are generally reviewed annually but are not automatically increased if the Committee believes that an award in other elements of compensation would be more appropriate in light of the Committee's stated objectives.

Consistent with the methodology discussed above and based on the results of the advisory vote on executive compensation at our fiscal 2014 Annual Meeting of Shareholders, the reduced financial performance of our company and the challenges facing the energy industry in fiscal 2016, in May 2015, the Committee determined to decrease the base salaries of our Named Executive Officers by 15% effective June 1, 2015. There were no changes to the base salaries of our Named Executive Officers in fiscal 2017.

The following table provides the base salaries for our Named Executive Officers in fiscal years 2015, 2016 and 2017:

<u>Named Executive Officer</u>	<u>Fiscal 2015 Base Salary</u>	<u>Fiscal 2016 Base Salary*</u>	<u>Fiscal 2017 Base Salary</u>
	<u>(\$)</u>	<u>(\$)</u>	<u>(\$)</u>
Robert P. Capps	309,000	262,650	262,650
Guy Malden	298,700	253,895	253,895
Paul Guy Rogers	267,800	227,630	227,630

* Reflects a 15% reduction in base salary that was effective June 1, 2015

Bonus Awards

Our annual cash bonus awards are designed to reward our executive officers for achieving performance results that are important to our operations and that contribute to the creation of shareholder value.

In May 2015, the Committee determined to award no cash bonuses for the fiscal year ended January 31, 2015 ("fiscal 2015"). This decision was based on the results of the advisory vote on executive compensation at our fiscal 2014 Annual Meeting of Shareholders, the reduced financial performance of our company and the challenges facing the energy industry. Additionally, the Committee determined that any cash bonuses related to the year ending January 31, 2016 ("fiscal 2016") would be contingent upon our company achieving a minimum

[Table of Contents](#)

level of adjusted EBITDA, as defined in our revolving credit agreement with HSBC Bank USA, NA. The minimum level of adjusted EBITDA was established at \$25.0 million. Due to the continued significant decline in oil prices that has negatively affected the energy industry and our business, our company's actual adjusted EBITDA for fiscal 2016 was less than the minimum level and, accordingly, no cash bonuses were awarded for fiscal 2016. The Committee established a minimum level of adjusted EBITDA for fiscal 2017, which was not attained, and no cash bonuses were awarded for fiscal 2017.

Long-Term Equity-Based Incentives

Our long-term equity-based incentive program is designed to give our key employees a longer-term stake in our company, act as a long-term retention tool and align employee and shareholder interests by aligning compensation with growth in shareholder value. To achieve these objectives, we have historically relied on a combination of grants of stock options and restricted stock, which are subject to vesting requirements and are made under the Stock Awards Plan.

Currently, we have no formal policy regarding the allocation of equity awards between stock options and restricted stock. All grants are discretionary and are made by the Committee, which administers the Stock Awards Plan. In its considerations of whether or not to grant equity awards to our executive officers and, if equity awards are so granted, in its considerations of the type and size of the awards, the Committee considers our company-level performance, the applicable executive officer's performance, comparative share ownership by comparable executives of comparable companies, including the Peer Companies, the amount of equity previously awarded to the applicable executive officer and the vesting schedule of outstanding awards. While there is no formal weighting of these elements, the Committee considers each in its analysis.

In light of our company's recent financial performance and the decline in the price of our common stock, the Committee determined not to grant any equity awards to the Named Executive Officers for fiscal 2017.

Other Benefits

In addition to base salaries, annual cash incentives and long-term equity-based incentives, we provide the following forms of compensation:

- *Health, Welfare and Retirement Benefits.* Our executive officers are eligible to participate in our medical, dental, vision, disability insurance and life insurance programs to meet their health and welfare needs. This is a fixed component of compensation, and the same benefits are provided on a non-discriminatory basis to all of our employees in the U.S. In addition, all of our executive officers participate in our 401(k) retirement plan, which is available to all of our employees in the U.S. These benefits are provided to assure that we are able to maintain a competitive position in terms of attracting and retaining officers and other employees.
- *Perquisites and Other Personal Benefits.* We believe that the total mix of compensation and benefits provided to our executive officers is competitive, and perquisites should generally not play a large role in our executive officers' total compensation. As a result, the perquisites and other personal benefits we provide to our executive officers are limited. We provide certain Named Executive Officers who are required as part of their job duties to drive considerable distances in order to visit existing and potential customers with the use of a company-owned automobile.

Termination and Change in Control Provisions

We do not maintain employment, severance, change in control or similar agreements or arrangements with our Named Executive Officers. However, under the terms of the Stock Awards Plan and related award agreements, any unvested awards may become vested and, in the case of stock options, exercisable, upon an executive officer's death or disability or upon a change in control of our company (as defined in the applicable award agreement). We believe these triggering events represent the general market triggering events found in comparable agreements of companies against whom we compete for executive-level talent.

Other Matters

Stock Ownership Guidelines and Hedging Prohibition

The Committee has not implemented stock ownership guidelines for our executive officers. Our Insider Stock Trading Policy discourages, but does not prohibit, executive officers from entering into certain derivative transactions related to our common stock, including transactions in put and call options. We will continue to periodically review best practices and re-evaluate our position with respect to stock ownership guidelines and hedging prohibitions.

Tax Treatment of Executive Compensation Decisions

Section 162(m) of the Internal Revenue Code (the “Code”) generally limits our ability to deduct compensation in excess of \$1.0 million in any taxable year to an executive officer that is a “covered employee” as defined in Section 162(m) of the Code. To date, our Board has not adopted a policy requiring all compensation paid to our Named Executive Officers to be deductible. However, we most recently requested, and received, shareholder approval of certain material terms of the Stock Awards Plan in 2016 to provide flexibility to the Committee to award performance based compensation that may be exempt from the limitations of Section 162(m) of the Code.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the disclosure set forth above under the heading “Compensation Discussion and Analysis” with management and, based on the review and discussions, it has recommended to the Board of Directors that the “Compensation Discussion and Analysis” be included in this proxy statement and incorporated by reference into Mitcham Industries, Inc.’s Annual Report on Form 10-K for the fiscal year ended January 31, 2017.

Potential Payments upon Termination or Change in Control

The award agreements governing equity granted to our Named Executive Officers provide additional payments and/or benefits upon a change in control of our company and/or in connection with the termination of the Named Executive Officer's employment. The following is a discussion of each of these provisions and their applicability to a termination of employment and/or a change in control of our company. Unless otherwise provided, the dollar amounts disclosed assume that the triggering event for the payment(s) and/or benefit(s) was January 31, 2017, and the closing price of our stock on the NASDAQ on that day was \$4.86. As a result, the dollar amounts disclosed are merely estimates of the amounts or benefits that would be payable to the Named Executive Officers upon their termination or a change in control of our company. The actual dollar amounts can only be determined at the time of the Named Executive Officer's termination or the change in control.

Equity-Based Plans and Awards

Outstanding stock options and shares of restricted stock awarded to the Named Executive Officers under our Stock Awards Plan will become fully vested and, in the case of stock options, exercisable, upon the Named Executive Officer's death or termination of employment due to disability or upon a change in control of our company. Such options that become vested and exercisable due to death or disability will remain exercisable until the earlier to occur of (1) the end of the original term of the option or (2) the date that is one-year following the date of death or termination of employment due to disability, as applicable; options that become vested and exercisable due to a change of control will remain exercisable for the applicable term as provided under the option award agreement. Any unvested shares of restricted stock and any outstanding stock options (whether vested or unvested) will be cancelled without payment if the Named Executive Officer is terminated for cause. If the Named Executive Officer is terminated for any reason other than death or disability, (A) any unvested shares of restricted stock or unvested stock options will be cancelled without payment, and (B) any vested stock options will not be cancelled but will remain exercisable for the lesser of the original term of the option or the three-month period following the date of termination.

For purposes of our Stock Awards Plan, termination for cause will result if: (1) the Named Executive Officer acts dishonestly, and the direct or indirect consequence (or intended consequence) of such action is a personal enrichment to that executive at the expense of our company or any affiliate, (2) the Named Executive

[Table of Contents](#)

Officer is unable to perform his duties in a satisfactory manner (as determined in good faith by our Board) or (3) the Named Executive Officer fails to consistently perform his duties at a level that our Board has, by written notice, informed the officer is expected from him. A Named Executive Officer will be considered “disabled” if he becomes entitled to benefits under our long-term disability plan.

Pursuant to our Plan, a change in control may occur in two ways. If an equity award is subject to Section 409A of the Code, any event that would be considered a change in control under Section 409A of the Code qualifies as a change in control. If the equity award is not subject to Section 409A of the Code, a change in control means the occurrence of any of the following events:

- we are not the surviving entity in any merger, consolidation or other reorganization (or we survive only as a subsidiary);
- we sell, lease or exchange all or substantially all of our assets to a third party;
- we dissolve or liquidate our company;
- any person or entity acquires ownership of our securities which represent 35% or more of the voting power of our then outstanding securities entitled to vote in the election of directors; or
- a change in the composition of our Board where less than the majority of the directors are “incumbent directors.” An “incumbent director” is any director as of the date the Plan was adopted or, generally, any director who is elected to our Board after such time by the vote of at least a majority of the directors in place at the time of the Plan’s adoption.

The following chart shows the amounts that each of our Named Executive Officers would have received due to the accelerated vesting and exercisability on January 31, 2017 for a termination of employment due to death or disability or a change in control.

Value of Accelerated Equity Awards as of January 31, 2017

Name	Number of Securities (#)	Value⁽¹⁾ (\$)

Guy Malden		
Restricted Stock	1,666	8,097
Stock Options	40,000	82,400
Total	41,666	90,497

(1) The values for the restricted stock were calculated by multiplying (a) the number of unvested restricted stock held by each officer on January 31, 2017 by (b) \$4.86, the closing price of our stock on that day. The values for the stock options were calculated by multiplying (i) the number of unexercisable stock options held by each officer on January 31, 2017 by (ii) the difference between \$4.86, the closing price of our stock on that day, and the exercise price of the stock option.

DIRECTOR COMPENSATION**General**

Each year, the Compensation Committee reviews the total compensation paid to our non-employee directors and the Non- Executive Chairman of our Board. The purpose of the review is to ensure that the level of compensation is appropriate to attract and retain a diverse group of directors with the breadth of experience necessary to perform our Board's duties and to fairly compensate directors for their service. The review includes the consideration of qualitative and comparative factors. To ensure directors are compensated relative to the scope of their responsibilities, the Compensation Committee considers: (1) the time and effort involved in preparing for Board, committee and management meetings and the additional duties assumed by committee chairs; (2) the level of continuing education required to remain informed of broad corporate governance trends and material developments and strategic initiatives within our company; and (3) the risks associated with fulfilling their fiduciary duties.

The following table sets forth a summary of the compensation we paid to our non-employee directors during the fiscal year ended January 31, 2017. Mr. Capps, who is our full-time employee, received no compensation for serving as a director.

Equity-Based Compensation

In addition to cash compensation, our non-employee directors are eligible, at the discretion of our full Board, to receive discretionary grants of stock options or restricted stock or any combination thereof under our equity compensation plans. For the fiscal year ended January 31, 2017, the Board did not grant our non-employee directors equity awards under our Stock Awards Plan.

PROPOSAL 2: AMEND THE COMPANY'S ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF PREFERRED STOCK

Our authorized capital stock currently consists of 20,000,000 shares of common stock and 1,000,000 shares of preferred stock. As of June 7, 2017, the Record Date for the Annual Meeting, 14,019,000 shares of common stock were issued and outstanding and 348,000 shares of preferred stock have been issued.

On May 9, 2017, the Board declared it advisable to increase the number of authorized shares of preferred stock to 2,000,000 shares, with no change in the par value of the shares of preferred stock.

If this proposal is adopted, the increase will become effective upon the filing of the amendment to the Company's Articles of Incorporation with the Secretary of State of the State of Texas. The form of the proposed amendment to our Articles of Incorporation to effect the share increase is set forth below.

If the proposal is adopted by the shareholders, the first paragraph of Article IV of the Company's Articles of Incorporation would be amended to read as follows:

"The aggregate number of shares that the Corporation shall have the authority to issue is twenty million (20,000,000) shares of common stock, par value \$.01 per share, and two million (2,000,000) shares of preferred stock, par value \$1.00 per share (the "Preferred Stock")."

The Board believes it is in the Company's best interests to increase the number of authorized shares of preferred stock in order to increase our flexibility for equity financing. The Company has no present intention to issue the additional shares of preferred stock. However, the Board believes that the Company should have the flexibility of having additional shares of preferred stock authorized for issuance in the future without further shareholder approval in connection with various general corporate purposes, including stock dividends, stock splits, acquisitions and raising additional capital.

Shareholders' current ownership of common stock will not give them automatic rights to purchase any of the additional authorized shares. If the proposed amendment to the Articles of Incorporation is adopted, the additional authorized shares of preferred stock will be available for issuance from time to time at the discretion of the Board without further action by the shareholders. Article IV of the Articles of Incorporation authorizes the Board, without further shareholder approval, to issue preferred stock having such designations, powers, preferences and rights as may be determined by the Board. Holders of preferred stock would have such voting rights as may be provided for by law and as determined by the Board.

Although an increase in the number of authorized shares of preferred stock could, under certain circumstances, be construed as having an anti-takeover effect (for example, by diluting the stock ownership of a person seeking to effect a change in the composition of the Board or contemplating a tender offer or other transaction for the combination of the Company with another company), the Board is not proposing the amendment to the Articles of Incorporation in response to any effort to accumulate the Company's stock or obtain control of the Company by means of a merger, tender offer, or solicitation in opposition of management. Also, while the Company has no present intention of issuing the additional shares of preferred stock to cause an anti-takeover effect or for any other purpose, the issuance of preferred stock could have other anti-takeover effects under certain circumstances. Because the voting rights to be accorded to any newly created series of preferred stock have not yet been determined by the Board, the holders of preferred stock may be authorized by the Board to vote separately as a class in connection with approval of certain extraordinary corporate transactions or be given a large number of votes per share. Such preferred stock could also be convertible into a large number of shares of common stock under certain circumstances or have other terms which might render the acquisition of a controlling interest in the Company more difficult or more costly. Shares of preferred stock could be privately placed with purchasers who might side with the management of the Company in opposing a hostile tender offer or other attempt to obtain control. The issuance of preferred stock as an anti-takeover device might preclude shareholders from taking advantage of a situation which might be favorable to their interests.

Adoption of the proposed amendment to our Articles of Incorporation will require the affirmative vote of at least (1) two-thirds of the votes entitled to be cast by the holders of our common stock and (2) two-thirds of the votes entitled to be cast by the holders of Series A Preferred Stock, each voting as a separate class. and broker non-votes will have the effect of a vote against this amendment to our Articles of Incorporation. IF YOU EXECUTE AND RETURN A PROXY, THE PERSONS NAMED IN THE ACCOMPANYING PROXY WILL VOTE IN ACCORDANCE WITH THE CHOICE SPECIFIED THEREON, OR, IF NO CHOICE IS PROPERLY INDICATED, IN FAVOR OF THE ADOPTION OF THE PROPOSED AMENDMENT.

Our Board recommends a vote “FOR” approval of the amendment to our Articles of Incorporation.

PROPOSAL 3: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

We are asking shareholders to approve, on the advisory basis, the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC. Based on the shareholder vote on the frequency of an advisory vote on executive compensation that took place at our 2012 Annual Meeting, our Board determined to hold the vote on executive compensation annually until the next shareholder vote on the frequency of such advisory vote. Thus, our shareholder advisory vote to approve executive compensation currently takes place annually, and the next such vote will take place at our 2017 Annual Meeting.

We have designed our compensation programs to (1) recruit, develop and retain key executive officers responsible for our success and (2) motivate management to enhance long-term shareholder value. To achieve these goals, our executive compensation decisions are based on the following principal objectives:

Objective	How Our Executive Compensation Program Achieves This Objective
Providing a competitive compensation package that attracts, motivates and retains qualified and highly-skilled officers that are key to our long-term success	We analyze compensation packages provided to the officers of other companies in our industry and with whom we compete for management level employees. Based on this analysis, we attempt to provide a base compensation package that is competitive with those companies.
Rewarding individual performance by ensuring a meaningful link between our operational performance and the total compensation received by our officers	We consider our overall financial performance and the performance of each individual when determining cash incentive awards, and did not pay annual cash bonus awards for fiscal 2017. A meaningful portion of incentive compensation consists of long-term equity awards.
Avoiding policies and practices that create risks that might have a material adverse effect on us	We do not award multi-year guaranteed bonuses or disproportionate equity grants that provide unlimited upside with no downside. We do not utilize specific performance metrics in determining compensation, other than setting a minimum EBITDA performance goal for payout of our fiscal 2017 cash bonuses, which was not attained.
Avoiding the creation of an environment that might cause undue pressure to meet specific financial goals	We do not use specific prospective financial targets in determining compensation awards, other than setting a minimum EBITDA performance goal for payout of our fiscal 2017 cash bonuses, which was not attained.

[Table of Contents](#)

We do not engage in certain compensation practices, including the following: (1) the re-pricing of underwater stock options; (2) excessive perquisites; (3) liberal change in control provisions; and (4) tax gross-ups. During the fiscal year ended January 31, 2017, our financial results were less than in the previous two years. However, we did generate cash flow from operating activities and maintained a strong and secure financial position. In response to the lower financial performance, the incentive compensation awards to our Named Executive Officers for fiscal 2017 were reduced significantly—specifically, we did not pay annual cash bonuses for fiscal 2017 and we did not grant stock or equity awards to our Named Executive Officers. In addition, there were no base salary increases for our Named Executive Officers in fiscal 2017.

We urge shareholders to read the “Compensation Discussion and Analysis” section of this proxy statement, which describes in more detail how our executive compensation policies and procedures operate and are designed to achieve our compensation objectives, and to review the Summary Compensation Table and other related compensation tables and narratives, which provide detailed information of the compensation of our Named Executive Officers for fiscal 2017. The Compensation Committee and our Board believe that the policies and procedures articulated in the “Compensation Discussion and Analysis” are effective in achieving our goals and that the compensation of our Named Executive Officers reported in this proxy statement has contributed to our long-term success.

In accordance with Section 14A of the Exchange Act, and as a matter of good corporate governance, we are asking shareholders to adopt the following resolution at the 2017 Annual Meeting of Shareholders:

“RESOLVED, that the shareholders of Mitcham Industries, Inc. approve, on an advisory basis, the compensation of Mitcham Industries, Inc.’s Named Executive Officers as disclosed in Mitcham Industries, Inc.’s Proxy Statement for the 2017 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables and disclosure.”

This advisory vote, commonly referred to as a “say-on-pay” vote, is not binding on our Board or our Compensation Committee, will not overrule any decisions made by our Board or our Compensation Committee, or require our Board or its Compensation Committee to take any action. Although the vote is non-binding, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. In particular, to the extent there is any significant vote against our Named Executive Officers’ compensation as disclosed in this proxy statement, we will consider our shareholders’ concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Our Board recommends a vote “FOR” the adoption of the advisory resolution approving the compensation of our Named Executive Officers.

**PROPOSAL 4: RATIFICATION OF THE SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected Hein & Associates LLP as our independent registered public accounting firm to conduct our audit for the fiscal year ending January 31, 2018.

The engagement of Hein & Associates LLP has been recommended by the Audit Committee and approved by our Board annually. The Audit Committee has reviewed and discussed the audited consolidated financial statements included in our Annual Report on Form 10-K for the fiscal year ended January 31, 2017, and has recommended, and our Board has approved, their inclusion therein. See “Audit Committee Report” included elsewhere in this proxy statement.

Although shareholder ratification of the selection of Hein & Associates LLP is not required, the Audit Committee and our Board consider it desirable for our shareholders to vote upon this selection. Even if the selection is ratified, the Audit Committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it believes that such a change would be in the best interests of our shareholders and us.

One or more representatives of Hein & Associates LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. The representatives of Hein & Associates LLP are expected to be available to respond to appropriate questions.

Our Board recommends a vote “FOR” the ratification of the selection of Hein & Associates LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2018.

FEES AND EXPENSES OF HEIN & ASSOCIATES LLP

The following table sets forth the amount of audit fees, audit-related fees and tax fees billed or expected to be billed by Hein & Associates LLP, our independent registered public accounting firm, for the fiscal years ended January 31, 2017 and January 31, 2016:

	<u>2017</u>	<u>2016</u>
Audit fees ⁽¹⁾	\$318,760	\$ 319,063
Audit-related fees ⁽²⁾	71,650	26,164
Tax fees	—	—
All other fees	—	—
Total Fees	<u>\$390,410</u>	<u>\$ 345,227</u>

(1) Includes the audit of our annual consolidated financial statements and the review of our Quarterly Reports on Form 10-Q.

(2) Includes fees for services provided with respect to forms S-1 and S-3 filed in fiscal 2017 and 2016.

The Audit Committee also has approved a policy that requires committee pre-approval of the compensation and terms of service for audit services and any permitted non-audit services based on ranges of fees, and any changes in terms, conditions and fees resulting from changes in audit scope or other matters. Any proposed audit or non-audit services exceeding the pre-approved fee ranges require additional pre-approval by the Audit Committee or its chairman. All of the above fees were pre-approved pursuant to this policy.

AUDIT COMMITTEE REPORT

The Audit Committee was established to implement and to support oversight function of the Board of Directors with respect to the financial reporting process, accounting policies, internal controls and independent registered public accounting firm of Mitcham Industries, Inc.

The Board of Directors, in its business judgment, has determined that each of Messrs. Lewis, Albers, Rowland and Glanville is an independent director, as that term is defined in Rule 5605 of the NASDAQ Marketplace Rules, and meets the Securities and Exchange Commission's additional independence requirements for members of audit committees. In addition, the Board of Directors has determined that each member of the Audit Committee is financially literate and that Mr. Glanville has the necessary accounting and financial expertise to serve as chairman. The Board of Directors has determined that each of the members of the Audit Committee is an "audit committee financial expert" following a determination that they each met the criteria for such designation under the Securities and Exchange Commission's rules and regulations.

In fulfilling its responsibilities, the Audit Committee:

- reviewed and discussed the audited financial statements contained in Mitcham Industries, Inc.'s Annual Report on Form 10-K for the fiscal year ended January 31, 2017 with management and the independent registered public accounting firm, Hein & Associates LLP;
- discussed with the independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 61, "*Communications with Audit Committees*" as adopted by the Public Company Accounting Oversight Board;
- received from the independent registered public accounting firm the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence and discussed the independent registered public accounting firm's independence with the firm; and
- considered the compatibility of non-audit services with the independent registered public accounting firm's independence.

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Mitcham Industries, Inc.'s Annual Report on Form 10-K for the fiscal year ended January 31, 2017.

Respectfully submitted by the Audit Committee,

Thomas S. Glanville (Chairman)
R. Dean Lewis
Robert J. Albers
Marcus Rowland
