PROXY STATEMENT  
FOR  
ANNUAL MEETING OF SHAREHOLDERS  
TO BE HELD JULY 18, 2001  
-----

SOLICITATION OF PROXIES

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of the Company of proxies from the holders of record of the common stock, par value \$.01 per share ("Common Stock"), at the close of business on May 30, 2001, for use at the Annual Meeting to be held at 10:00 a.m., CST, on July 18, 2001, and any adjournment thereof. This Proxy Statement, the attached proxy and the Company's Annual Report for the fiscal year ended January 31, 2001 are being mailed together on or about June 8, 2001, to shareholders entitled to notice of and to vote at the Annual Meeting. The principal executive office of the Company is Post Office Box 1175, 44000 Highway 75 South, Huntsville, Texas 77342.

Properly executed proxies will be voted as directed. If no direction is indicated therein, proxies received in response to this solicitation will be voted FOR: (i) the election of the six nominees for director; (ii) the adoption of the amendment to the 2000 Stock Option Plan; (iii) the ratification of the indicated independent auditors; and (iv) as recommended by the Board of Directors with regard to any other matters, or if no recommendation is given, in their own discretion.

A proxy on the enclosed form may be revoked by the shareholder at any time before it is voted by filing with the Secretary of the Company a written revocation, by voting in person at the meeting, or by delivering a proxy bearing a later date. Attendance at the Annual Meeting will not, in itself, constitute revocation of the proxy.

The Company will bear all costs of this Proxy Statement and the proxy and the cost of soliciting proxies relating to the Annual Meeting. It is anticipated that the solicitation of proxies for the Annual Meeting will be made only by use of the mails and will cost approximately \$15,000. However, the Company may use the services of its directors, officers and employees to solicit proxies personally or by telephone, without additional salary or compensation to them. The Company will request that the brokerage houses, custodians, nominees, and fiduciaries forward the proxy soliciting materials to the beneficial owners of the Company's shares held of record for such persons, and the Company will reimburse such persons for their related reasonable out-of-pocket expenses.

## VOTING OF SECURITIES

At the close of business on May 30, 2001, the record date for the determination of shareholders entitled to notice of and to vote at the Annual Meeting, there were 8,890,415 issued and outstanding shares of Common Stock, each of which share is entitled to one vote. Common Stock is the only class of outstanding securities of the Company entitled to notice of and to vote at the Annual Meeting.

The Company's Bylaws provide that the presence, either in person or by proxy, of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business. Assuming such a majority is present, the election of directors will require a plurality of the votes cast at the Annual Meeting. The adoption of the amendment to the 2000 Stock Option Plan and the ratification of the selected independent public accountants will require the affirmative vote of a majority of the shares entitled to vote and that voted or abstained at the Annual Meeting. Abstentions from and broker non-votes on the proposal to elect directors will be counted for purposes of determining the presence of a quorum, but will not be included in the total shares voted for or against any nominee. A broker non-vote occurs if a broker or other nominee holding shares for a beneficial owner does not vote on a proposal because he does not have discretionary authority to vote shares and has not received instructions from the beneficial owner with respect to such proposal. Thus, abstentions from the proposals will have the same legal effect as a vote against the proposals, but a broker non-vote will not be counted for purposes of determining whether a majority is achieved.

EMPLOYMENT AGREEMENT. Billy F. Mitcham, Jr.'s employment agreement with the Company is for a term of five years, beginning January 15, 1997, which term is automatically extended for successive one-year periods unless either party gives written notice of termination at least 30 days prior to the end of the current term. The Employment Agreement provides for an annual salary of \$150,000 (increased to \$208,125 in the 2001 fiscal year) and a bonus at the discretion of the Board of Directors. It may be terminated prior to the end of the initial term or any extension thereof if Mr. Mitcham dies; if it is determined that Mr. Mitcham has become disabled (as defined); if Mr. Mitcham gives three months prior notice of resignation; if the Company gives Mr. Mitcham notice of termination "without cause"; or if the Board of Directors determines that Mr. Mitcham has breached the Employment Agreement in any material respect, has appropriated a material business opportunity of the Company or has engaged in fraud or dishonesty with respect to the Company's business or is convicted of or indicted for any felony criminal offense or any crime punishable by imprisonment. If Mr. Mitcham terminates his employment within 60 days following (i) a material reduction in his duties and responsibilities (without his consent) or (ii) a reduction in, or failure by the Company to pay when due, any portion of his salary, he will be entitled to payments equal to \$450,000, payable ratably over the 24 months following such termination. For a period of two years after the termination of the Employment Agreement, Mr. Mitcham is prohibited from engaging in any business activities which are competitive with the Company's business and from diverting any of the Company's customers to a competitor. The Company has no employment agreements with any of its other executive officers.

CHANGE OF CONTROL AND TERMINATION AGREEMENTS. In February 1999, the Company entered into severance and change of control agreements with Messrs. Paul Mitcham, Sheppard and Dupuis; Mr. Mitcham's agreement terminated effective on his resignation on May 23, 2001. Under the terms of the remaining two severance and change of control agreements, if a covered executive officer's employment terminates during the 24-month period after a "change of control" of the Company (as defined in the agreements) (such period, the "Protection Period") other than the officer's voluntary resignation (except as stated below) or retirement or a termination of employment for "cause" (as defined in the agreements) or by reason of death or disability, the

officer will be entitled to receive certain severance payments and other benefits. The officer's voluntary resignation for "good reason" (as defined in the agreements) will also entitle the officer to the severance benefits and other benefits. The severance payment amount, payable monthly over the 24 months after termination, will be equal to two times such officer's annual base salary on the effective date of the change of control or the date of the termination of employment. In addition, the officer under those circumstances will be entitled to receive continued medical and dental coverage under the Company's applicable plans (to the extent permitted by law or by the plan carriers) for the period of time remaining in the Protection Period after his termination is effective, or until the officer becomes eligible to obtain comparable coverage from a subsequent employer. In addition, any stock options and restricted stock that have not fully vested shall accelerate and immediately become fully vested. Each agreement terminates on December 31, 2001, but will automatically renew for additional one-year terms absent prior written notice from the Company that it is terminating the agreements.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION. The Company's executive compensation program is designed to attract, motivate and retain talented management personnel and to reward management for the Company's successful financial performance and for increasing shareholder value. The Company's executive compensation has three components: base salaries, annual performance bonuses and long-term incentive stock-based awards.

BASE SALARIES. We determine the salary ranges for the Company's executive officers based upon their responsibilities and the salary levels of similarly positioned officers in comparable companies. Our philosophy has been to establish base salaries in the median-to-low end of the range of such salaries at comparable companies, because long-term stock based compensation is considered more important than annual base salaries in aligning the executive's financial rewards to the shareholders' financial interests for the long term. In fiscal 2000, as part of the Company's efforts to optimize its capital resources, none of the Company's executive officers received an increase in their base salaries. In fiscal 2001, in recognition of the Company's improved performance from the prior year's results, the executive officers received 11% salary raises.

ANNUAL PERFORMANCE BONUSES. Annual bonuses are awarded on a discretionary basis. In making our determination of whether to award an annual bonus and the amount of the bonus, we consider several factors, including financial performance of the Company in relation to planned expectations and performance of the Company in relation to industry conditions, each executive officer's performance, level of responsibility or duties, successful completion of particular projects or acquisition and implementation of new technical knowledge. In fiscal 2001, we awarded cash bonuses to the Company's executive officers in the amount of 25% of their salaries.

LONG-TERM STOCK-BASED COMPENSATION. We believe that a substantial percentage of executive compensation should be directly related to improvement in shareholder value. In determining the number of options to grant, we make a subjective determination based on the same factors as we do in determining bonuses. For fiscal 2001, we approved the grant to executive officers of the options shown in the Summary Compensation Table for that fiscal year, with a three-year vesting period. However, we soon realized that the Company did not have sufficient options remaining available for option grants in the future. Since we believe that the grant of stock options is an important component of our ability to keep our management team in place, we recommended to the Board that it authorize additional shares under an existing plan, and present it to shareholders for approval.

#### PROPOSAL TO APPROVE AMENDMENT TO THE 2000 STOCK OPTION PLAN

#### AMENDMENT TO INCREASE NUMBER OF SHARES AVAILABLE FOR OPTION GRANTS

Subject to the approval of the Company's shareholders at the Annual Meeting, the Board of Directors has adopted an amendment to the 2000 Stock Option Plan increasing the number of shares reserved for issuance under the Plan from 500,000 to 1,000,000. The shareholders are being asked to approve the adoption of the proposed amendment to the Plan that is set forth as EXHIBIT B to this Proxy Statement. The summary of the provisions of the Plan proposed to be amended that follows is not intended to be complete and shareholders should refer to the Plan for a complete statement of its terms and provisions.

## GENERAL

The 2000 Stock Option Plan covers an aggregate of up to 500,000 shares of Common Stock (subject to certain adjustments) and provides for grant of stock options to employees, consultants and non-employee directors. The principal advantage to the Company of the 2000 Stock Option Plan is to enable the Company to better attract, retain, and develop a top-quality management team. As of May 30, 2001, 459,750 of the 500,000 options authorized for issuance under the 2000 Plan have been granted, 452,250 of which remained unexercised.

## ADMINISTRATION

The 2000 Stock Option Plan is administered by the Compensation Committee of the Board of Directors. The Compensation Committee has the power to determine which employees will receive options, when such options will be granted and the number of shares of Common Stock to be issued under the option award.

## ELIGIBILITY TO PARTICIPATE

Only persons who at the time of the award are employees, consultants or non-employee directors of the Company or of any subsidiary of the Company are eligible to receive awards under the 2000 Stock Option Plan. As of May 30, 2001, all of the Company's employees, including four executive officers, and its three non-employee directors were eligible to participate in the 2000 Stock Option Plan.

## TERMS OF OPTIONS

The 2000 Stock Option Plan provides for the grant of incentive and non-qualified stock options. The Compensation Committee designates the employees, consultants or non-employee directors to receive the options, the number of shares subject to the options, and the terms and conditions of each option granted under the 2000 Stock Option Plan. The term of any option granted under the 2000 Stock Option Plan is determined by the Compensation Committee, except that the term of any incentive stock option cannot exceed 10 years from the date of the grant and any incentive stock option granted to an optionee who possesses more than 10% of the total combined voting power of all classes of shares of the Company or of its subsidiaries will not be exercisable after the expiration of five years from the date of grant. No option may be exercised sooner than six months from the date of grant, but the Compensation Committee otherwise determines option vesting in its discretion. The exercise price per share of Common Stock for options granted under the 2000 Stock Option Plan is determined by the Compensation Committee, except that the exercise price of an incentive stock option cannot be less than the fair market value of a share of Common Stock on the date the option is granted. The 2000 Stock Option Plan permits the payment of the exercise price of options to be made by cash, check, other shares of Common Stock (with some restrictions), cashless exercise, or any combination thereof.

## CHANGE OF CONTROL PROVISIONS

The Compensation Committee in its discretion may on a Change of Control (as defined in the 2000 Stock Option Plan): (a) require the surrender of vested options to the Company in consideration for the payment to surrendering option holder of the fair market value attributable to such options; (b) determine that outstanding options shall be accelerated so that they are fully vested, and that each option holder may then either (i) exercise his options and participate in the transaction that will result in a Change of Control on the same basis as a holder of Common Stock; or (ii) surrender the options to the Company for cancellation, and receive cash in the amount equal to the fair market value attributable to such options; or (c) otherwise provide that on any exercise of options, the holder shall be entitled to purchase under such options, in lieu of the number of shares of Common Stock then covered by such options, the number and class of stock or other securities or property to which the holder would have been entitled under the transaction that will cause a Change of Control if, immediately prior to such transaction, the option holder had been the owner of the shares of Common Stock then covered by such options.

## FEDERAL INCOME TAX CONSEQUENCES

**INCENTIVE STOCK OPTIONS.** An employee will generally not recognize income on receipt or exercise of an incentive stock option ("ISO") so long as he or she has been an employee of the Company from the date the option was granted until three months before the date of exercise; however, the amount by which the fair market value of the stock at the time of exercise exceeds the option price is a required adjustment for purposes of the alternative minimum tax applicable to the employee. If the employee holds the stock received on exercise of the option for one year after exercise (and for two years from the date of grant of the option), any difference between the amount realized upon the disposition of the stock and the amount paid for the stock will be treated as long-term capital gain (or loss, if applicable) to the employee. If the employee exercises an ISO and satisfies these holding period requirements, the Company may not deduct any amount in connection with the ISO.

In contrast, if an employee exercises an ISO but does not satisfy the holding period requirements with respect to the stock acquired on exercise, the employee generally will recognize ordinary income in the year of the disposition equal to the excess, if any, of the fair market value of the stock on the date of exercise over the option price; and any excess of the amount realized on the disposition over the fair market value on the date of exercise will be taxed as long- or short-term capital gain (as applicable). If, however, the fair market value of the stock on the date of disposition is less than on the date of exercise, the employee will recognize ordinary income equal only to the difference between the amount realized on disposition and the exercise price. In either event, the Company will be entitled to deduct an amount equal to the amount constituting ordinary income to the employee in the year of the premature disposition.

**NONQUALIFIED STOCK OPTIONS.** Nonqualified stock options granted under the 2000 Stock Option Plan are not taxable to an optionee when granted but result in taxation at exercise, at which time the optionee will recognize ordinary income in an amount equal to the difference between the option exercise price and the fair market value of the shares on the exercise date. The Company will be entitled to deduct a corresponding amount as a business expense in the year the optionee recognizes this income.

## PLAN AMENDMENT AND TERMINATION

The Board may alter or amend the 2000 Stock Option Plan from time to time but no change in any option may be made which would impair the rights of the holder without the consent of the holder. The Board may not, without approval of the shareholders, amend the 2000 Stock Option Plan to (a) increase the maximum number of shares which may be issued on exercise or surrender of an option (except in certain cases of Changes in Control as more fully set forth in the 2000 Stock Option Plan), (b) change the class of employees eligible to receive options, (c) extend the maximum period during which options may be granted under the 2000 Stock Option Plan, or (d) materially modify the requirements as to eligibility for participation in the 2000 Stock Option Plan. No grants may be made under the 2000 Stock Option Plan after May 22, 2010. The 2000 Stock Option Plan shall remain in effect until all options granted have been exercised or expired.

## TRANSFER AND RESALE RESTRICTIONS

The options are not transferable except in the event of the participant's death or under a "qualified domestic relations order" as defined under applicable law. The optionees may not offer or resell shares acquired under the 2000 Stock Option Plan without registration under the Securities Act of 1933, or compliance with Rule 144. On May 30, 2001, the closing price of the Common Stock as reported in The Wall Street Journal for Nasdaq National Market transactions was \$6.80.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE ADOPTION OF THE AMENDMENT TO THE 2000 STOCK OPTION PLAN.

## REPORT OF AUDIT COMMITTEE

The Audit Committee has reviewed and discussed with management the Company's audited financial statements as of and for the year ended January 31, 2001. In particular, the committee discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants.

The Committee has reviewed the written disclosures and the letter from the independent auditors required by Independent Standard No. 1, Independence Discussions with Audit Committee, as amended, by the Independence Standards Board, and has discussed with the auditors their independence.

The aggregate audit and other fees (for tax services) billed by the Company's auditors for the fiscal year ended January 31, 2001 were \$92,539 and \$34,680, respectively.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended January 31, 2001.
